New Concept for a New Age

Giving back to your community through service can be difficult with today's busy lifestyles. That's why Lions Clubs International has developed a new club format – the NEW CENTURY LIONS CLUB – for community-minded people through age 35. New Century

My New Century Lions Club has given me the opportunity to really make a difference in my community, and I feel good about that!

Lions Clubs are flexible because you choose which community service activity to pursue and you choose club meeting times convenient to your lifestyle. **It's your club. Your way.**

At Lions Clubs International, we are moving from a proud past to an even more promising future. Join us on this journey, ignite your volunteer spirit and give back to your community. The New Century Lions Clubs. It's your club. Your way.

A man with dark hair and glasses, wearing a dark suit jacket, a light blue shirt, and a patterned tie, is looking towards the camera. In the background, a computer monitor displays a website with a yellow header and blue sidebar. The website text is partially legible, including "Member and Officer Report/Directory Information".

As a member of my New Century Lions Club, I have the opportunity to learn valuable leadership skills while I better my community. It is time well spent.
